Clark Labs offers three options for multi-seat licenses for educational institutions. Details for these product options are included in their respective license agreements. **The purchase of a multi-seat license requires a signed license agreement.**

Student Lab Kit

This option allows for simultaneous use of the IDRISI or Land Change Modeler for ArcGIS software on up to 15 machines, or the CartaLinX software on up to 10 machines, for student use only. Upgrades would need to be purchased as desired. These products are geared towards an institution with small classes. Instructors must purchase their own Academic License.

Campus License

The IDRISI Taiga Campus License allows for unlimited single campus use of IDRISI for teaching and research, along with special student pricing for personal Student Starter licenses for \$39 each, unlimited single campus use of CartaLinX, and 24 months of technical support. Upgrades would need to be purchased as desired.

The Land Change Modeler Campus License allows for unlimited single campus use of Land Change Modeler for teaching and research, special student pricing for personal Student Starter licenses for \$39 each and 24 months of technical support. Upgrades would need to be purchased as desired.

Campus Maintenance License

This option provides all the benefits of the Campus License with the convenience of a payment plan. Upgrades are included, as long as you make your annual payments. A start-up fee provides your benefits for the first year. Each subsequent year, you pay an annual maintenance fee. For IDRISI, the annual maintenance fee is currently \$2250. For Land Change Modeler, the fee is currently \$1495.

Transferring your existing IDRISI Multi-Seat License to the Campus or Campus Maintenance License

If you already own an IDRISI Multi-Seat License, you can transfer to a Campus or Campus Maintenance License. The price is based on the version and product you already own. Contact Clark Labs for a quote.

The IDRISI Taiga and Land Change Modeler for ArcGIS software use a software license manager. Multi-seat licenses are licensed on networks only, requiring the server to be registered. † A VTI is necessary to digitize and must be purchased separately.

Special Instructions

Multi-Seat Purchases

An official agreement form must be completed, signed and submitted with your order. Contact Customer Support to receive a copy of this agreement as well as pricing details for your specific site needs.

Academic Purchases

Clark Labs offers a substantial discount to academic users. Proof of academic status must be submitted with your order. A copy of university letterhead is acceptable.

Student Purchases

Proof of student status for the current or next semester must be included. A paid tuition bill, copy of course registration or letter from an advisor are acceptable forms of confirmation. A copy of a photo ID is not acceptable. Student orders received via Web, email or telephone will be held until proof of student status is received.

Payment Information

Prepayment is required on all orders. The following is a list of acceptable forms of payment.

Purchase Orders

We require a "hard copy" of the purchase order. You can fax or mail the purchase order but please do not do both. This will ensure that we do not duplicate your order.

Credit Cards

Clark Labs accepts MasterCard, Visa and Discover credit cards. Include the complete account number and expiration date.

Check or Money Orders

All checks and money orders must be drawn on a United States bank and in United States funds. Please make payable to "Clark University." Mail all checks with your order to ensure proper crediting of your account.

For all wire transfers, please reference the Clark Labs, your Customer ID number and your organization name to ensure proper crediting of your account. Please also notify our office of this type of payment. Your order cannot be processed until we receive notification from our bank that this transaction is complete and we have identified the transfer. *Although you may request the full amount to be transferred, it is customary for the originating and intermediary banks to deduct transaction fees for this service. This fee is usually \$15.00 to \$30.00 U.S. per transaction. We cannot be responsible for these charges and ask that you anticipate them.*

Points to Remember

Time in Transit

Time in transit will vary for each country. Delivery time can take up to two weeks. Delays at customs can also add to shipping time.

Customs Information

Import duties and taxes are charged by the importing country's customs office, regardless of shipping method. Customs charges can range from 20-200% of value, depending on the destination. It is the responsibility of the purchaser to pay these fees.

Returns

Returns are only accepted due to installation difficulties and must receive prior authorization from Customer Support.

Shipping Rates

Shipping charges via UPS are approximate only. Surcharges for extended area delivery may apply. (Call for details on other shipping methods.)
